| Date of next Review | May 2027 |

## **Policy Statement**

At Oakdale Primary School, we are committed to supporting the emotional health and wellbeing of our pupils and staff.

We have a supportive and caring ethos and our approach is respectful and kind, where each individual and contribution is valued.

At our school we know that everyone experiences life challenges that can make us vulnerable and at times, anyone may need additional emotional support. We take the view that positive mental health is everybody's business and that we all have a role to play.

At our school we:

- help children to understand their emotions and feelings better
- help children feel comfortable sharing any concerns or worries
- help children socially to form and maintain relationships
- promote self-esteem and ensure children know that they count
- encourage children to be confident and 'dare to be different'
- help children to develop emotional resilience and to manage setbacks.

We promote a mentally healthy environment through:

- Promoting our school values and encouraging a sense of belonging
- Promoting pupil voice and opportunities to participate in decision-making
- Celebrating academic and non-academic achievements
- Providing opportunities to develop a sense of worth through taking responsibility for themselves
- and others
- Providing opportunities to reflect
- Access to appropriate support that meets their needs

We pursue our aims through:

- Universal, whole school approaches
- Support for pupils going through recent difficulties including bereavement
- Specialised, targeted approaches aimed at pupils with more complex or long term difficulties, including attachment disorder.

## **Scope**

This policy should be read in conjunction with our SEND policy in cases where pupils mental health needs overlap with these. This policy should also be read in conjunction with policies for Behaviour and Anti-bullying, and PSHE policies. It should also sit alongside child protection procedures.

## **Lead Members of Staff**

Whilst all staff have a responsibility to promote the mental health of students, staff with a specific, relevant remit include:

Mrs Britton- Designated safeguarding lead  
Mrs Cleveland- SEND lead  
Mrs McDonagh -Mental Health Lead

### **Teaching about Mental Health**

The skills, knowledge and understanding needed by our pupils to keep themselves mentally healthy and safe are included as part of our developmental PSHE curriculum. The specific content of lessons will be determined by the specific needs of the cohort we're teaching. We can also use the PSHE Association Guidance to ensure that we teach mental health and emotional wellbeing issues in a safe and sensitive manner. This is detailed in school knowledge organisers.

### **Targeted support**

The school will offer support through targeted approaches for individual pupils or groups of pupils which may include:

- Circle time approaches or 'circle of friends' activities
- Targeted use of SEAL resources or specific PSHE lessons taken from the Cambridgeshire scheme
- Managing feelings resources e.g. 'worry monsters'
- Managing emotions resources provided by external sources and made available to staff in a central area
- Primary Group Work/Mental health and wellbeing groups
- ELSA (Emotional Literacy Support Assistants) support groups
- Therapeutic activities including art therapy, Lego and relaxation and mindfulness techniques.

It is not our job to diagnose any mental health issues, just to recognise warning signs and alert the DSL/DDSL's/ Mental Health Lead so that the child can be signposted to the correct professional.

Intervention will be coordinated by the Mental Health lead and prioritised in accordance with the level of need. Resources will be used to track and monitor including:

- Emotional literacy scales
- Wellbeing questionnaires
- Outcome Star

### **Signposting**

We will ensure that staff, pupils and parents are aware of what support is available within our school and how to access further support. See Appendix.

### **Identifying needs and Warning Signs**

All staff will monitor the wellbeing of their pupils and record (using MyConcern) any difficulties such as:

- Attendance
- Punctuality
- Relationships
- Approach to learning
- Physical indicators

- Negative behaviour patterns
- Family circumstances
- Recent bereavement
- Health indicators

Staff may also become aware of warning signs that may suggest that a child is experiencing mental health or wellbeing difficulties. This should always be taken seriously and staff observing any of these warning signs should communicate their concerns with the DSL/ DDSL's or the Mental Health and Wellbeing lead as appropriate. Teachers will track this and share any ongoing concerns during termly pupil progress meetings.

Possible warning signs include:

- Changes in eating / sleeping habits
- Becoming socially withdrawn
- Changes in activity and mood
- Talking or joking about self-harm or suicide
- Expressing feelings of failure, uselessness or loss of hope
- Repeated physical pain or nausea with no evident cause
- An increase in lateness or absenteeism
- Working with Parents

In order to support parents we will:

- Highlight sources of information and support about mental health and emotional wellbeing on our school website: [Where To Get Further Support - Oakdale Primary School](#)
- Share and allow parents to access sources of further support
- Ensure that all parents are aware of who to talk to, and how to get about this, if they have concerns about their child
- Make our Mental Health and Wellbeing policy easily accessible to parents [School Policies - Oakdale Primary School](#)
- Share ideas about how parents can support positive mental health in their children
- Keep parents informed about the mental health topics their children are learning about in PSHE and share ideas for extending and exploring this learning at home. [Curriculum - Oakdale Primary School](#)

Support from the school nursing service is available by contacting the school: [office@oakdale.peterborough.sch.uk](mailto:office@oakdale.peterborough.sch.uk)

### **Working with other agencies and partners**

As part of our targeted provision, the school will work with other agencies to support children's emotional health and wellbeing including:

- The school nurse
- Educational psychology services
- Behaviour support provided by the local authority
- Paediatricians (Younited)
- CAMHS (child and adolescent mental health service)
- Counselling services (Ormiston Families)
- Family support workers
- Therapists
- Alternative provision providers e.g. Oak Activities for play therapy
- EHWP services to discuss specific pupil needs
- In February 2025 we signed up to the MHST service offer. This will not be fully operational until January 2028 when the team have completed their training.
- Centre 33 Young Carers support

### **Training**

As a minimum, all staff will receive regular training about recognising and responding to mental health issues as part of their regular child protection training.

Two members of staff have completed the Mental Health Champion training.

The MindEd learning portal (<https://www.minded.org.uk/>) provides free online training suitable for staff wishing to know more about a specific issue. Training opportunities for staff who require more in depth knowledge will be considered as part of our performance management process and additional CPD will be supported throughout the year where it becomes appropriate due to developing situations with one or more pupils. We have two trained Mental Health Champions in school: Mrs McDonagh and Miss Sadlier who are qualified to lead training in school.
