

What our Children say.....

I wish I could go back to my old school and tell them about this school. I would say you can learn more things and about features and learn about growing up.

I like making good friends

An excellent fun place, it's sort of cheap and you even get snacks like Pizza. You play around and learn.

I play on the X-Box the best is Lego Batman 2

It's fun! You can play fun games.

It's so good, you get to play outside, make dens in the corridor and play pool

It's a lovely fun place to play and learn and if you're stuck for no one to look after you, then it's a great place.

I like everything about Care Club, Model Magic, trips; I learn new things, playing with others and the ribbons. I really like the staff here too!

If you come to Care Club, you'll have the time of your life!

I like everything; everything is my favourite apart from it raining outside

Care Club do really fun activities, go out on trips and have PE coaches come in and do fun PE games

It's really good, you can bring your DS' and do what you want (within reason)

We are very proud of our children!

We would love to hear from our parents too....
